

BLADE

EQUINOX HOTEL

NEW YORK

BLADE is a technology-powered, global urban air mobility platform committed to reducing travel friction by enabling cost-effective air transportation alternatives to some of the most congested ground routes in the U.S. and abroad.

BLADE is an Asset Light Company

BLADE does not own or operate any aircraft.

We have a large network of operators and we use their accessible fleet of aircraft to service our trips.

Booking with BLADE includes a level of precision, culture of accommodation and on-the-ground experience that is unmatched.

BLADE's future is EVA/EVTOL

BLADE's primary goal is to reduce travel friction by enabling cost-effective air transportation alternatives to some of the most congested ground routes in the U.S. and abroad. Urban Air Mobility primarily refers to short distance routes.

The growth and adoption of EVA (Electric Vertical Aircraft). Quiet, carbon-neutral and cost-effective electric aircraft will be instrumental to UAM in the future.

Learn more about [EVA/EVETOL](#).

BLADE is Carbon Neutral Today

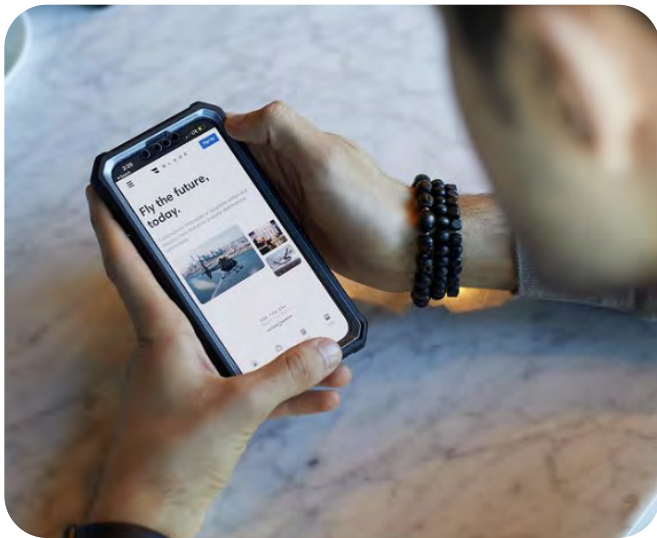

One of our primary missions is to help passengers safely and reliably experience new ways of traveling with the highest respect for and least impact on our environment. Our business model enables people to share aircraft instead of flying alone, thus making air travel more fuel efficient in many instances than riding in an SUV alone.

Until such time that BLADE services have fully transitioned to carbon-zero EVA, we will continue to purchase offsets to counteract the carbon emissions generated by our urban air mobility services to remain carbon neutral as a company. BLADE endeavors to fund projects and/or purchase credits generated by projects in our primary service areas.

For example, through the purchase of certain credits, we have recently supported a project to capture methane gasses from one of the largest New York landfills, generating clean electrical power while reducing greenhouse gas emissions. We believe that our fliers have a greater appreciation of our carbon neutral status when our purchase of credits has a positive impact on their own communities.

Learn more about [Carbon Neutral](#).

Learn more about our [Community Relations](#)

BLADE is Tech

Our passengers utilize our app, website, and communication channels (phone, email, chat) to manage their bookings on both scheduled and charter flights. Our prices range from \$195 to well beyond thousands of dollars and each passenger is to be treated with the same level of professionalism, care and precision.

Make sure to download the [BLADE app](#) today!

BLADE is Global

BLADE entered into a first-class partnership with Monacair, Heli Sécurité, and Azur Hélicoptère operators in Europe, as well as, Helijet in Canada.

BLADE also has a joint venture operation in India.

BLADE Lounges

JRA- BLADE LOUNGE WEST

E34- BLADE LOUNGE EAST

Manhattan Lounges

BLADE Lounge West JRA

Functional speakeasy-style melds with vibrant modern and 1960s decor, artwork inspired by auto racing, and a long chrome bar that's ideal for enjoying a cocktail while watching incoming flights. From BLADE Lounge West off West 30th Street, flights depart for all New York area airports as well as the Hamptons, Atlantic City, and other destinations.

W 30th St, New York, NY 10011

BLADE Lounge East E34

Centered by a 1960s fuselage art installation, our signature lounge mixes modern decor with a retro jet-inspired design featuring Braniff Airline colors, black leather and chrome seating, and spaces designed for socializing and working. From BLADE Lounge East on 34th Street, flights depart for all New York area airports as well as the Hamptons, Atlantic City, and other destinations.

499 E 34th St, New York, NY 10016

BLADE Lounge Wall St JRB

Black leather and chrome set the stage for this Executive lounge designed for those doing business in Manhattan's bustling Financial District. Scheduled and charter flights are available to all of New York's area airports from BLADE Lounge Wall Street at the Pier 6 East River Helipad.

6 E River Greenway, New York, NY 10010

Other NYC Lounges

BLADE Aqua Lounge E23

Our open-air seasonal lounge sets the stage for summer days with city views, plenty of director's chairs, original art by New York artist Neil Hamamoto, and a sleek dock for your arriving seaplane. Scheduled flights to the Hamptons and Nantucket along with chartered flights to Atlantic City and other destinations are available from BLADE Aqua Lounge on East 23rd Street.

2430 FDR Drive Service Rd E, New York, NY 10010

BLADE Westchester HPN

Located inside the Million Air FBO, this lounge embraces its fast pace with retro race-car style complete with Ferrari artwork and colorful furnishings accented with red, racing-stripes. BLADEone flights to Miami, helicopter trips to Manhattan, and turboprop flights to Nantucket are available from BLADE Lounge Westchester in West Harrison, NY.

136 Tower Rd, West Harrison, NY 10604

BLADE @ NYC Airports

BLADE Lounge Newark EWR

Our first Blade Lounge in a commercial Airport,

15 Brewster Rd, Newark, NJ 07114

Other US BLADE Lounges

BLADE Lounge Miami OPF

BLADE's largest lounge embraces Miami's Art Deco style with a serene white backdrop accented with colorful art and furnishings, tropical plants, and a bar large enough to fit everyone on your BLADEone flight. Located at Opa Locka Executive Airport, BLADE Lounge Miami is the closest private airport to Downtown Miami and South Beach, flights depart and arrive at BLADE Lounge Westchester where you can either disembark or connect to a seamless 15-minute helicopter transfer back to Manhattan.

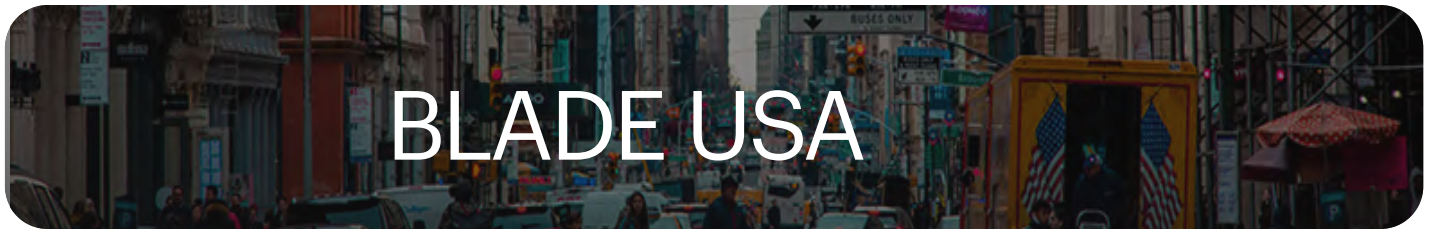

4340 NW 145th St, Opa-locka, FL 33054

All of
BLADE
Products

No company flies more people in and out of city centers than BLADE.

With BLADE, our passengers can book by-the-seat on scheduled flights between Manhattan and JFK or Newark airports, between Vancouver and Victoria in Canada and between Nice and Monaco in Europe. Alternatively, fliers can charter or crowdsource a flight anywhere in the world. From the moment they book, they'll experience a level of precision, culture of accommodation and on-the-ground experience that is unmatched.

Whether they're traveling by helicopter, seaplane or jet, BLADE is the most time-efficient, cost-effective and inspiring way to mitigate urban travel pain points that have increasingly become a significant part of our daily lives.

BLADE Airport

CONTINUAL SERVICE

Flights between Manhattan and JFK or Newark in 5 minutes from \$195.

Learn more about [BLADE Airport](#).

BLADE Anywhere

CONTINUAL CHARTER SERVICE

Private Charter to the destination of your choice. Unlike other charter options, which may leave you to fend for yourself, the BLADE team remains with you every step of the way—from booking to landing. You'll have your own flier-relations advocate managing and monitoring your mission, available 24/7.

British Columbia Charters | B.C Panoramic Flights

CONTINUAL CHARTER SERVICE

A fleet of helicopters, turboprops, and jets are available to fly you and your guests to any number of Pacific Northwest destinations, including Whistler, Victoria, Nanaimo, Tofino and Long Beach.

Learn more about [BC Charters](#).

BLADE Airport

BLADE Airport

BLADE Airport describes the 5-minute helicopter flights between Manhattan to nearby NYC Airports.

Total commute time in the air and on the ground (includes the black car ride between terminal curbside and helipad) averages out to about 18 minutes from the city to the airport.

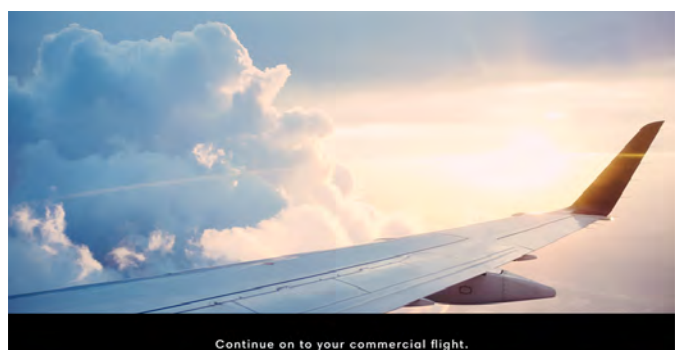

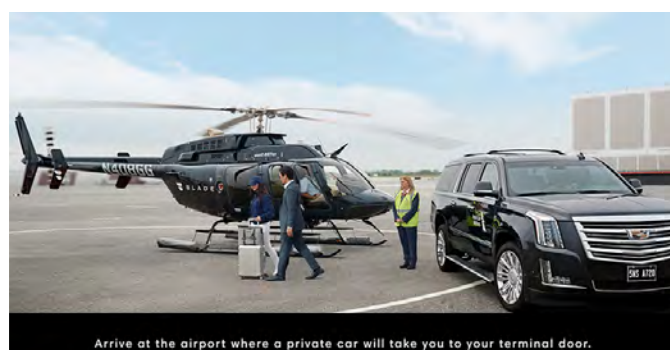

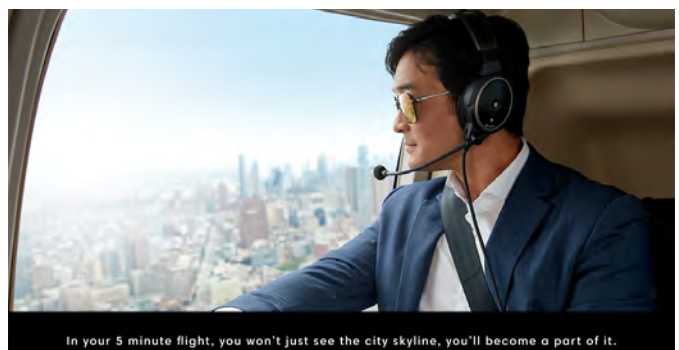

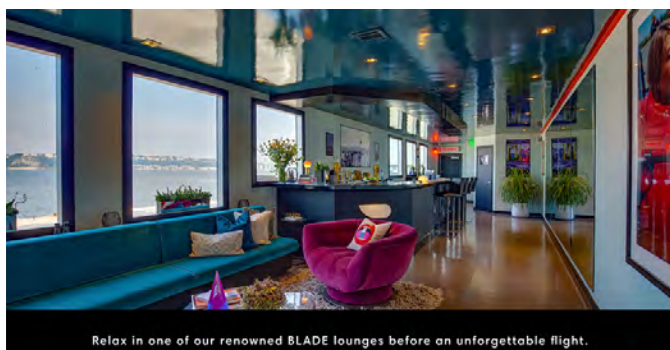

We recommend arriving to the lounge 15 minutes before, to allow for the optimal BLADE experience.

Guests may relax in one of our signature lounges, have a drink and allow our Flier Experience associates to handle the rest.

These flights can be shared by-the-seat rides on our daily schedule or chartered for a private experience.

Prices start at \$195.

EXPERIENCE TO THE AIRPORT

Charter

A charter flight refers to a private jet that's been booked by an individual or private group.

- Charter flights are **booked and scheduled to align with the traveler's needs**, getting them where they need to be when they need to be there.
- When you charter an entire aircraft, **you can choose the aircraft type**.
- Booking an entire aircraft means **you'll have control over every detail**. Your flight will be tailored to your requirements.
- When you charter an aircraft, **you can skip the lengthy line-ups and queues**. Simply arrive at the FBO, check-in and board your waiting aircraft. And when you land? You'll be able to choose the airport that's closest to your final destination saving you time on the ground as well.
- Private jet charters are one of the **safest ways to travel**.

By- The - Seat

By-the-seat refers to selling individual seats on a scheduled flight.

- By selling individual seats on flights, **consumers can save money by only paying for the seat they need**, rather than having to pay for an entire plane or charter.

Luggage Policy

All luggage is weighed and measured upon arrival at the BLADE Lounge or point of departure.

- For flights between Manhattan and the Hamptons or NYC airports, optionally add a ToteTaxi upgrade to your flight at checkout, or call Flier Relations after purchase. Perfect for transporting large items like golf clubs, bicycles, or large suitcases.
- If a passenger brings oversized baggage to your flight, a member of Team BLADE reserves the right to disallow bags that are deemed too heavy or large. In this case, BLADE will put the luggage on another mode of transport to the traveler's destination, at the user's expense. If there is room, BLADE will make an effort to place your item on a later flight.

Airport Flights Luggage Policy

1 Carry-on under 25 LBS

Max 21.7 in x 13.7 in x 9 in

A commercial carry-on bag is limited to 21.7 in x 15.8 in x 9.1 in. Combined luggage weight may not exceed 25lbs.

1 Personal item - think small purse

Max 5 in x 5 in x 5 in

Personal items include laptops, tablets, purses, periodicals, or folios. Briefcases, backpacks, messenger-style bags must be stowed in the aircraft baggage compartment.

Extra Carry-on Excess Luggage and Enhanced Seating

This optional upgrade gives you extra cabin space and a strict increased luggage weight limit of 65lbs total across two carry-on sized bags.

No checked-sized bags are permitted on a BLADE Airport Flight.

Extra Seat in cabin

Excess Luggage Pick-up/Delivery Tote Taxi

2 Checked Bags for \$135, \$50 per additional piece

All flights departing prior to 2:00 PM must be scheduled no later than 5:00 PM the day prior for pickup/delivery service.

Excess, overweight, or check-in sized luggage can be picked up at your convenience and will be waiting for you upon your arrival at the airport.

Restricted Items

- 15 Inch MacBook Pro laptops (09/15-02/17). For more information, and to check your serial number, [click here](#)
- Galaxy Note 7
- Contraband
- Hoverboards
- Firearms
- Aerosol cans
- Hazardous materials, including explosives, compressed gases, flammable liquids and solids, oxidizers, poisons, corrosives and radioactive materials (examples include paints, light fluid, fireworks, tear gases, oxygen bottles, and radio-pharmaceuticals)

The following items must be on your person or in the cabin with you and are prohibited from being in your checked baggage:

- Electronic smoking devices and e-cigarettes.
- Lithium batteries, all consumer electronic & medical devices (watches, cameras, cellular phones, lap-top computer, camcorders, and hearing aids, etc.) containing lithium cells or batteries, and spare lithium batteries and cells for these devices.

TSA

The Transportation Security Administration (“TSA”) prohibits certain other items from being on-board an aircraft. The TSA’s current list of prohibited items (the “List”) may be viewed [here](#).

The TSA frequently updates the List. It is the responsibility of each passenger to review and prepare its luggage in accordance with the List prior to each scheduled departure. Under no circumstances will Blade be responsible for refusing to allow prohibited items onto an aircraft.

In addition to the List, BLADE reserves the right to prohibit any items onto an aircraft with or without cause.

Pets Policy

BLADE HELICOPTERS, SEAPLANE, AND TURBOPROPS

On by-the-seat **BLADE Airport flights**, pets under 25 pounds can sit in a carrier on their owner's lap for a pet fee of \$50. Make sure to add a pet into the order on the passengers page.

On all **other by-the-seat rotorcraft flights**, pets under 25 pounds can sit in a carrier on their owner's lap for a pet fee of \$95.

For dogs heavier than 25 pounds, the owner must purchase the dog an additional seat.

There is a **maximum of two pets per passenger**. For a single passenger with more than one pet, an additional seat must be purchased for the second pet, regardless of the pet's weight. If there are two unrelated larger dogs boarding a flight, the pilot may request that the two dogs stand leashed on the tarmac prior to boarding to familiarize themselves with each other, as to not cause any in-flight issues.

On chartered flights, pets can fly at no additional cost.

BLADE reserves the right to reject pets that are deemed too heavy, large, disruptive or dangerous in its sole discretion. If your pet is a service animal, please contact us at 844-359-2523.

BLADE JETS

On by-the-seat jet flights like BLADEone, each passenger is entitled to bring one dog under 35 pounds for an additional \$350 fee.

For a single passenger with more than one dog under 35 pounds, an additional seat must be purchased (maximum of two dogs under 35 pounds per additional seat purchased). An additional seat must be purchased for each dog over 35 pounds.

Dogs do not require a carrier, but must be on a leash. Cats, birds, reptiles, and other furry friends must be in a carrier. **On chartered land plane flights, pets can fly at no additional cost.**

Weather Policy

HOW WILL THE PASSENGER KNOW IF A FLIGHT IS CANCELLED OR DELAYED?

If a flight is delayed or canceled due to weather or any other circumstance, the passenger will be notified by Team BLADE via email, text, or phone. This is traditionally done 2 hours prior to departure for by-the-seat and 1 hour prior for charters - In the event of an in lounge cancellation, BLADE will provide a vehicle to your final destination.

WHAT CAN CAUSE A CANCELLATION?

Flights may be canceled due to wind, precipitation, fog or low visibility, lightning, low clouds, or storms. Outside temperature does not always affect flights.

Pilots make the final determination as to whether a flight will occur or whether one in progress will be diverted to another airport. While weather conditions for flight must be within FAA regulations and operator rules, pilots may unilaterally choose to cancel or divert a flight based on their own judgment of the safety of the immediate and forthcoming weather conditions.

Any diversions or cancellations will be immediately communicated to the customer via text, email, and by phone.

WHAT IF A FLIGHT IS DELAYED?

BLADE will notify the passenger of any delays or cancellations due to weather at least 2 hours for scheduled airport flights and 1 hour for chartered airport flights prior to the scheduled departure time.

In the event any Flight in excess of 50 miles is delayed more than 2 hours – or, for flights departing from the Hamptons to New York City on Monday mornings, 1 hour – you have the option of 1) booking on a different flight at no additional charge or 2) canceling your flight and receiving BLADE credit.

A FLIGHT WAS RESCHEDULED FOR AN EARLIER TAKEOFF?

If BLADE has to move a flight to a time earlier than the scheduled departure time due to weather, unforeseen mechanical issues or Temporary Flight Restrictions and passengers are unable to make the newly scheduled flight, BLADE will credit your Account for the originally-purchased fare.

Airport Cancellations and Changes *

CANCELLATION POLICY

- More than twenty-four (24) hours prior to scheduled departure: You may cancel your flight reservation.
- Less than twenty-four (24) hours prior to scheduled departure: No cancellations allowed. Any cancellation will result in a full forfeiture of the value of the entire order.
- Weather Cancellation: In the event of cancellation due to weather or other covered reasons

CHANGES POLICY

- More than twenty-four (24) hours prior to scheduled departure: You may change your flight reservation for a change fee of \$95 per seat.
- Less than twenty-four (24) hours prior to scheduled departure: No changes allowed.

WITH AIRPORT MAX UPGRADE

CANCELLATION POLICY

- Any time prior to scheduled departure: You may cancel your flight reservation and receive the value of your order.

CHANGES POLICY

- Any time prior to scheduled departure: You may change your flight reservation at no cost.
- Any time after scheduled departure: No changes allowed.

*For 3rd party bookings with a Business Account

Upgrades- Airport

BLADE Airport Upgrades

Upgrades are available in the booking flow, after selecting a flight date/ time.

Airport Max- Fully Refundable \$100

Changes and Cancellations allowed anytime. Without Airport Max, the guest will not get a refund in case of a change or cancellation, such as a poor weather/ poor visibility day.

Excess Luggage / Enhanced Seating \$145

Extra cabin space and carry-on bag under 25 lbs. This upgrade allows the flier to bring a total of two carry-on sized bags plus a personal item on their flight. Its ultimately a purchase of another seat, guaranteeing more space/comfort on the flight. Total combined weight of the bags should not exceed 65 lbs.

Luggage Pick-up and Delivery \$135

Valet between pick-up and destination for checked/ oversized luggage via Tote Taxi (flights booked 8 hrs or more in advance). Includes 2 checked sized bags, any additional bag will incur an additional \$50 fee per bag.

Ground Connect- Manhattan Departures

\$100

Rest easy and let BLADE pick the flier up from anywhere in Manhattan for a seamless trip to their departure heliport.

Meet and Greet arriving at JFK

\$100

A private/ personal escort in an SUV between helicopter to terminal. Without this upgrade, the flier may share a ride with other passengers from the flight departing from the same terminal.

- Fastest
- Twin Engine
- Seats 8

Charter Cost* ~ \$4550 + 7.5% tax

*charter estimates to airports and are subject to change. wait for confirmation of price by BLADE

FAQs

Miscellaneous FAQs

What do I need to bring?

All passengers are required to have a valid state ID or passport.

Why does Blade need my weight?

We collect each traveler's weight so that we can help our operator monitor the total weight load of each flight.

This is an FAA regulation that must be met in order to ensure your safety and the safety of those flying with you. There is no defined weight limit per passenger, but there is an overall weight limit and distribution allocated on a per aircraft basis.

We strictly adhere to this. BLADE reserves the right to request a traveler change seats, shift flight times or purchase additional seats due to these regulations.

Are helicopters safe?

BLADE only uses Argus Platinum and Wyvern Wingman rated operators

The Aviation Research Group United States (ARGUS), International Business Aviation Council (IBAC), and the WYVERN rating systems help to set the highest safety standards.

The highest ARGUS rating level is Platinum. To achieve a platinum rating, the operator must meet all of the standards of Gold Plus, as well as have an emergency response plan and a functioning safety management system.

Only operators with the most effective policies and procedures and excellent records can hope to earn an ARGUS Platinum rating.

The WYVERN Wingman program offers safety certification for charter operators. WYVERN Wingman operators show an elevated commitment to safety. They have to meet strict criteria, undergo regular audits, and keep WYVERN updated about any operational changes to maintain their Wingman status.

Can my pet travel with me?

Pets under 25lbs are permitted, at BLADE's discretion for an additional fee. (\$50 for an airport flight) Dogs must be able to be placed in a carrying bag or sit in a passenger's lap. If your pet is a service animal, please contact us at 844-359-2523.

Does my child need a seat?

Please let us know in advance of any infants you will be traveling with. After checkout you will be able to indicate the number of lap infants you will be traveling with.

If the child you are traveling with is under the age of 2, he or she may sit on your lap for the duration of the flight. If the child is older than 2, they are required by law to have their own seat.

What if I am late for my flight?

CHARTERS:

In the event that you are late for your charter, there will be a charge of \$250 per 15 minutes the helicopter is spinning, waiting past your scheduled departure time. These costs are derived from a combination of idle time, repositioning costs, and duty hours.

SCHEDULED FLIGHTS:

No flights will be held past the time of departure.

If I have an allergy can I still fly?

If you have any allergies to food, animals, or otherwise, please let us know so that we can create the perfect flying experience for you. Contact us at 844.359.2523.

Does BLADE offer helicopter tours?

BLADE does not offer helicopter tours. We are strictly a point A to point B destination based company; however crosstown charters are available. Contact us at 844.359.2523.
